

MACH4™

plus

2 lifts in 1

COMPLETELY PORTABLE!

Shown: MCH418 with M140015 runway system attached
60,000 lbs. capacity

FOUR POST LIFTS ARE A THING OF THE PAST...

- Reduced installation time
- NO complicated or expensive electrical installation
- Fewer moving parts
- No cables or sheaves to maintain
- Fully hydraulic operation
- Low electrical usage

Shown: MACH4 (MCH418) without runway attached

FEATURES:

- 60,000 lb. lifting capacity
- Battery operated [(2) 12V DC] with waterproof on-board Minn Kota® charger
- No dedicated or complicated electrical wiring needed because of DC Power and 110V recharging
- Controls at all 4 columns
- Lift can be easily converted between a MACH4 and a 4 Post Heavy Duty Drive-on
- Accommodates wheelbases up to 33' or 396"
- Fully functional when the power goes out
- Internal airlines included for rolling jacks and air tools
