## The Pincott® Hub Advantages

1. The Pincott air cooled hub will increase blade life. Now available in the nine inch diameter hub.
2. Double your hub life with the Pincott exclusive pin hole system. Pins can be rotated out of the worn holes into new end plate holes.
3. Angled spacers allow the hub to be used in a regular, all purpose, or non-spiral configuration.
4. Angled spacers provide maximum air cooling.

## **Sales**

Pincott, world renowned leader in the retread industry, is pleased to announce the latest addition to its current range of quality products.....

### **ROTARY GOUGES** (Remove rubber quickly)

The gouges include design features, delivering superior results.

#### Advantages:

- Deeper for increased life.
- Longer flat wall for greater life with repeated sharpening.
- Sharper for easier rubber removal.
- Larger arbor hole flat, to accommodate inside nut, eliminating cracking at the base of the gouge.

#### Available Sizes:

Item #	Description (No Notch)	Units Per Box
901501	2 Dia, Heavy wall, 1/2 Arbor Hole	2
901502	2 Dia, Heavy wall, 3/8 24 Thread, Arbor Hole	2
901503	2 Dia, Thin wall, 3/8 Arbor Hole	2
901321	1 1/4 Dia, Heavy Wall 3/8 24 Thread, Arbor Hole	3
901322	1 1/4 Dia, Thin Wall 3/8 Arbor Hole	3
901207	3/4 Dia, Thin Wall 3/8 24 Thread Arbor Hole	4
