<u>Signal Word</u> Danger

Hazard statements

Causes skin irritation May cause drowsiness or dizziness May be fatal if swallowed and enters airways Highly flammable liquid and vapor

Precautionary Statements - Prevention

Wash face, hands and any exposed skin thoroughly after handling Wear protective gloves/protective clothing/eye protection/face protection Avoid breathing dust/fume/gas/mist/vapors/spray Use only outdoors or in a well-ventilated area Keep away from heat/sparks/open flames/hot surfaces. — No smoking Keep container tightly closed Ground/bond container and receiving equipment Use explosion-proof equipment Use only non-sparking tools Take precautionary measures against static discharge Keep cool

Precautionary Statements - Response

If exposed or concerned: Get medical advice/attention IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower If skin irritation occurs: Get medical advice/attention Wash contaminated clothing before reuse IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician Do not induce vomiting IN CASE OF FIRE: Use CO2, dry chemical, or foam for extinction

Precautionary Statements - Storage

Store locked up Store in a well-ventilated place. Keep container tightly closed

Precautionary Statements - Disposal

Dispose of contents/container to an approved waste disposal plant

Other hazards

Very toxic to aquatic life with long lasting effects

3. COMPOSITION/INFORMATION ON INGREDIENTS

| Chemical Name | CAS No. | Weight-% |
|---------------|-----------|----------|
| N-Heptane | 142-82-5 | 85-95 |
| Carbon Black | 1333-86-4 | 0-5 |

If Chemical Name/CAS No is "proprietary" and/or Weight-% is listed as a range, the specific chemical identity and/or percentage of composition has been withheld as a trade secret.

4. FIRST-AID MEASURES

First Aid Measures

| General Advice | Provide this SDS to medical personnel for treatment. | | |
|--|--|--|--|
| Eye Contact | Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. | | |
| Skin Contact | Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. If skin irritation occurs: Get medical advice/attention. Wash contaminated clothing before reuse. | | |
| Inhalation | Remove victim to fresh air and keep at rest in a position comfortable for breathing. If not breathing, give artificial respiration. If symptoms persist, call a physician. | | |
| Ingestion | Do not induce vomiting. Immediately call a poison center or doctor/physician. | | |
| Most important symptoms and effe | acts | | |
| Symptoms | Causes skin irritation. May be harmful in contact with skin. May cause pulmonary edema. Possible symptoms are irritation of the mucous membranes, dry cough and respiratory difficulty. Other symptoms may include dizziness, headache, nausea, and loss of coordination. | | |
| Indication of any immediate medical attention and special treatment needed | | | |
| Notes to Dhysisian | Tract currenter attack. Assignation of material into the lunger due to constitue and access | | |

Notes to PhysicianTreat symptomatically. Aspiration of material into the lungs due to vomiting can cause
chemical pneumonitis which can be fatal. Epinephrine and other sympathomimetic drugs
may initiate cardiac arrhythmias in persons exposed to high concentrations of hydrocarbon
solvents. The use of other drugs with less arrhythmogenic potential should be considered.
If sympathomimetic drugs are administered, observe for the development of cardiac
arrhythmias.

5. FIRE-FIGHTING MEASURES

Suitable Extinguishing Media

Water spray (fog). Alcohol resistant foam. Dry chemical. Carbon dioxide (CO2).

Unsuitable Extinguishing Media Do not use solid water streams.

Specific Hazards Arising from the Chemical

Highly flammable liquid and vapor. The liquid vapor may settle into low areas or may travel along the ground or surface to ignition sources where they might ignite or explode. Flash back possible over considerable distance.

Hazardous Combustion Products Carbon monoxide. Carbon dioxide (CO2).

Explosion Data

Sensitivity to Static Discharge Take precautionary measures against static discharge.

Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear. Use water spray to keep fire-exposed containers cool. Fight fire remotely due to the risk of explosion.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

| Personal Precautions | Wear protective clothing as described in Section 8 of this safety data sheet. Evacuate personnel to safe areas. Remove all sources of ignition. Ensure adequate ventilation. Avoid breathing vapors or mists. |
|-----------------------------------|--|
| Environmental precautions | |
| Environmental precautions | Prevent from entering into soil, ditches, sewers, waterways and/or groundwater. See Section 12, Ecological Information. |
| Methods and material for containm | ent and cleaning up |
| Methods for Containment | Prevent further leakage or spillage if safe to do so. Prevent evaporation by covering with foam. Soak up and contain spill with an inert (i.e. vermiculite, dry sand or earth) absorbent material. |
| Methods for Clean-Up | Use only non-sparking tools. Place in properly labeled, sealed, non-leaking containers. Dispose of contents/container via a licensed waste disposal contractor. For waste disposal, see section 13 of the SDS. |
| | |

7. HANDLING AND STORAGE

Precautions for safe handling

Advice on Safe HandlingWash face, hands, and any exposed skin thoroughly after handling. Wear protective
gloves/protective clothing and eye/face protection. Avoid breathing
dust/fume/gas/mist/vapors/spray. Use only outdoors or in a well-ventilated area. Keep away
from heat/sparks/open flames/hot surfaces. — No smoking. Ground/bond container and
receiving equipment. Ground/bond container and receiving equipment. Use spark-proof
tools and explosion-proof equipment. Take precautionary measures against static
discharges. Keep cool.

Conditions for safe storage, including any incompatibilities

| Storage Conditions | Keep containers tightly closed in a cool, well-ventilated place. Store locked up. Heat sensitive-store under inert gas. |
|--------------------|---|
| | |

Incompatible Materials Strong oxidizing agents.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Exposure Guidelines

| Chemical Name | ACGIH TLV | OSHA PEL | NIOSH IDLH |
|---------------|---|--|--|
| N-Heptane | STEL: 500 ppm | TWA: 500 ppm | IDLH: 750 ppm |
| 142-82-5 | TWA: 400 ppm | TWA: 2000 mg/m ³ | Ceiling: 440 ppm 15 min |
| | | (vacated) TWA: 400 ppm | Ceiling: 1800 mg/m ³ 15 min |
| | | (vacated) TWA: 1600 mg/m ³ | TWA: 85 ppm |
| | | (vacated) STEL: 500 ppm | TWA: 350 mg/m ³ |
| | | (vacated) STEL: 2000 mg/m ³ | |
| Carbon Black | TWA: 3 mg/m ³ inhalable fraction | TWA: 3.5 mg/m ³ | IDLH: 1750 mg/m ³ |
| 1333-86-4 | - | (vacated) TWA: 3.5 mg/m ³ | TWA: 3.5 mg/m ³ |
| | | | TWA: 0.1 mg/m ³ Carbon black in |
| | | | presence of Polycyclic aromatic |
| | | | hydrocarbons PAH |

Appropriate engineering controls **Engineering Controls** Apply technical measures to comply with the occupational exposure limits. Showers Eyewash stations Ventilation systems. Explosion-proof general and local exhaust ventilation. Individual protection measures, such as personal protective equipment **Eye/Face Protection** Wear goggles or chemical safety glasses. Refer to 29 CFR 1910.133 for eye and face protection regulations. **Skin and Body Protection** Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands. Complete suit protecting against chemicals, Flame retardant antistatic protective clothing., The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace. Refer to 29 CFR 1910.138 for appropriate skin and body protection. **Respiratory Protection** If necessary, wear a MSHA/NIOSH-approved respirator. Refer to 29 CFR 1910.134 for respiratory protection requirements.

General Hygiene Considerations Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and immediately after handling the product.

9. PHYSICAL AND CHEMICAL PROPERTIES

Information on basic physical and chemical properties

| Physical state Appearance Color | Liquid Black, high viscosity liquid Black | Odor Odor Threshold | Petrolic Not determined |
|---|--|---------------------------------------|----------------------------|

Other Information

Molecular weight VOC Content (%)

100.2 g/mol N/A

10. STABILITY AND REACTIVITY

Reactivity

Not reactive under normal conditions.

Chemical Stability

Stable under recommended storage conditions.

Possibility of Hazardous Reactions

None under normal processing.

Conditions to Avoid

Heat, flames and sparks.

Incompatible Materials

Strong oxidizing agents.

. . .

Hazardous Decomposition Products

None known based on information supplied.

11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure

| Product Information | |
|---------------------|--|
| Eye Contact | Avoid contact with eyes. |
| Skin Contact | Causes skin irritation. May be harmful in contact with skin. |
| Inhalation | May cause drowsiness or dizziness. May cause irritation to the mucous membranes and upper respiratory tract. |
| Ingestion | May cause gastrointestinal irritation, nausea, diarrhea, and vomiting. |

Component Information

| Chemical Name | ATEmix (oral) | ATEmix (dermal) | Inhalation LC50 |
|---------------------------|---------------------|-----------------------|---------------------|
| N-Heptane 142-82-5 | - | = 3000 mg/kg (Rabbit) | = 103 g/m³ (Rat)4 h |
| Carbon Black 1333-86-4 | > 15400 mg/kg (Rat) | >3 g/kg (Rabbit) | - |

Information on physical, chemical and toxicological effects

Symptoms

Please see section 4 of this SDS for symptoms.

Delayed and immediate effects as well as chronic effects from short and long-term exposure

108.00 mg/L

Carcinogenicity

Carbon black is a possible carcinogen when it appears as a respirable dust.

| Chemical Name | ACGIH | IARC | NTP | OSHA |
|--|---------------------------|---|----------|------|
| Carbon Black | A3 | Group 2B | | Х |
| 1333-86-4 | | | | |
| gend | | | | |

| 1333-86-4 | | | EC50 |

Persistence/Degradability

Not determined.

Bioaccumulation

Not determined.

Mobility

| Chemical Name | Partition Coefficient |
|---------------|-----------------------|
| N-Heptane | 4.66 |
| 142-82-5 | |

Other Adverse Effects

Not determined

13. DISPOSAL CONSIDERATIONS

Waste Treatment Methods

| Disposal of Wastes | Whatever cannot be saved for recovery or recycling should be managed in an appropriate and approved waste disposal facility. Processing, use or contamination of this product may change the waste management options. State and local disposal regulations may differ from federal disposal regulations. Dispose of container and unused contents in accordance with federal, state and local requirements. |
|------------------------|--|
| Contaminated Packaging | Disposal should be in accordance with applicable regional, national and local laws and regulations. |

California Hazardous Waste Status

| Chemical Name | California Hazardous Waste Status | |
|---------------|-----------------------------------|--|
| N-Heptane | Toxic | |
| 142-82-5 | Ignitable | |

14. TRANSPORT INFORMATION

| Note |

US Federal Regulations

CERCLA

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355).

SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

CWA (Clean Water Act)

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

US State Regulations

California Proposition 65

This product contains the following Proposition 65 chemicals.

| Chemical Name | California Proposition 65 | |
